

EPG (Engineered nanoProducts Germany) AG
in Griesheim near Darmstadt

is seeking for its branch in Henriville/France at the earliest possible date to employ a

Manager Supply Chain / Logistics / Purchasing (male/female)

Your area of responsibility:

- Planning and monitoring of the entire supply chain of the group of companies
- Support in the implementation of the strategic further development of the supply chain
- Management of local supply chain projects
- Control of procurement (strategic)
- Close cooperation with the production management in the planning of the production process
- Continuous improvement of workflows with the help of lean instruments

Your profile

- Completed university studies with a focus on logistics (Bachelor/Master)
- Ideally, you already have some work experience in Supply Chain Management (>1-2 years).
- Good understanding of business management interrelationships and knowledge of project management
- Interest in the optimization of processes (ideally in the area of Lean Management)
- Very good understanding of interdepartmental relationships and the entire supply chain
- Open-mindedness towards new ideas and technologies
- Fluent French and English spoken and written required, German is a plus.

Complete identification with our company, the enjoyment of team work and dealing with people, highest flexibility and exemplary commitment round off your profile.

We look forward to receiving your complete application documents including your earliest possible starting date and your salary requirements. Please send your application by email only to personal@e-p-g.de. If you have any questions, please do not hesitate to contact our human resources department, Tel. +49 (0) 6332 – 48192 66.
